## and what have you

by BOB CRAIG

The Legislators in Austin don't seem to be making much more headway during this special session than they did during the regular term. It looks like it will be up to the Senate to write any tax bill that is to come out of this session, since the House seems to be hopelessly split.

The following report from Leon Thurman was received last Saturday before the House sent their makeshift bill to the Senate.

Today will probably complete the second week of the Special Session the Governor has called for the purpose of taking up the tax problems of the State Government of the State of Texas. At the end of the second week, the House has passed the Sandahl amendment to H.B. 20, which is a sales tax with a \$5.00 deduction item. This tax bill exempts food along with prescription drug along with the \$5.00 exemption.

The area Representatives all voted as follows: Leon Thurman, against; J. C. "Carl" Wheatley, for; and Max D. Carraker, for. Our opinion in voting against this bill was that it is impossible to administer just taxes and audit the merchants' books. The merchants of our State are made tax collectors now. Then by the passage of this bill they have to have additional book keeping; procedures to register every sale of each item and how much the item sold for in order to pay the proper amount of tax. For this reason, we cannot vote this type of sales tax.

A tax bill must fall on everyone equally, and this tax bill has not helped the low income group of people in Texas, and we do not believe the people of Texas would want the Legislature to pass a tax bill that is unfair to the merchants and makes them tax collectors.

We did not get any letters from our District in regard to this type of tax; however, we believe that the people would not recommend this type of a tax bill. If we are going to get the blame for a sales tax, we believe it should be against the part exempting groceries and prescription drugs.

The following editorial from the National Foundation is being carried as a public service even though it is going to get me in trouble with my wife since I haven't found the time to get my shots yet.

When controversy leads to public enlightenment, we're all for it. But there are times when controversy results in public confusion, with disastrous results. This is particularly true when experts clash on technical points that cannot be grasped quickly by those of us without scientific background.

We fervently hope the recent controversy over the relative merits of polio vaccines will not discourage parents from seeing that their families are given a full series of Salk shots immediately. This is the critical time of year when the unprotected are most exposed to the polio attack. The Salk vaccine is available now. It is more than 90 per cent effective in preventing paralytic polio. Those who have not been vaccinated are gambling against the possibility of being crippled for life through their own negligence.

Whether or not the Sabin live-virus vaccine is a better vaccine than Dr. Salk's is a matter for scientists and physicians to decide later. The National Foundation, which financed all the research leading to both vaccines with funds contributed to the March of Dimes, gives the only sound advice which parents can follow. It points out that, since no live-virus vaccine has yet been licensed for distribution, since you cannot get live-virus

## Resident's Father Buried Tuesday At New Hope

Funeral services for J. J. Seay, 51, father of Hamlin resident, Ted Seay, were held Tuesday in Stamford First Baptist Church. The Rev. Clyde Cook, pastor of Trinity Baptist Church, officiated at the last rites. Burial was in New Hope Cemetery directed by Kinney Funeral Home.

Mr. Seay died Sunday in Stamford Sanitarium following a heart attack, suffered Friday. He was born July 12, 1910, at Rockdale. He married Louise Hager at Aspermont December 24, 1931. He was a member of the First Baptist Church.

Surviving are his wife; one daughter, Mrs. Gilbert Brandenberger of Stamford; three sons, Jimmy Lee of Sherman, Teddy Max of Hamlin and Garv Don of Stamford; five sisters; and six brothers.

## Brotherhood Rally Set for Lueders August 1

The annual Baptist Brotherhood Rally of District 17 will be held at the Lueders Baptist Encampment August 1 with registration at 3 p.m. Supper will be served in the cafeteria between 5:45 and 6:45 p.m.

Theme for the day will be "That the World May Know," with the afternoon session presided over by Harold Spain of Haskell, and the night session by George McDonald of Rotan, Brotherhood President of District 17.

Joseph R. Coleman, architect of Tulsa, Oklahoma, will be the principal speaker of the evening. Other outstanding speakers will be A. C. Wimpee of Dallas, associate in the Brotherhood department, Baptist General Convention of Texas; Dr. W. H. Jackson, missionary to Japan; Rev. L. L. Trott, District Missions Secretary; and Rev. V. D. Walters, District Director of RAS and President of the Lueders Encampment.

## Roy Eury Named Phone Manager

Roy A. Eury, commercial staff assistant for the Southwestern Bell Telephone Company in Lubbock, has been named manager for the company here. He succeeds Donald Fyffe, who has been transferred and appointed clerical methods supervisor in St. Louis, Missouri. The announcement was made by Norman S. Stuckey, district manager at Abilene, who said the appointments are effective July 24.

Eury has four years service with the telephone company and began his career by taking summer jobs while attending college. He has held various jobs with the company in Dallas, Houston, Lubbock, Midland and Amarillo. He received his Bachelor of Science degree in commerce from Texas Christian University at Fort Worth in 1958. From May until December of 1958 he served as a second lieutenant in the U. S. Air Force—SAGE branch. His hobbies include fishing and fire arms development. Eury is a bachelor.

Fyffe has served as manager since April of this year, when he transferred from Lubbock. He began his telephone career in Abilene in 1949 following graduation from Texas Christian University.

Dues to the club are used to buy trophies, film, special equipment and other aids.

## Jon Adams Takes Big Spring Job

Jon Adams, Junior High School history teacher, submitted his resignation this week, according to Superintendent C. F. Cook.

Adams, who has taught here for the past five years, has accepted a teaching position in the Big Spring School system.

He is the son of Mr. and Mrs. Seth Adams, long time residents of Hamlin.

Mrs. Larry Lyle and children of Belview, Nebraska, have returned to their home following a two weeks visit in the home of Mrs. Lyle's parents, Mr. and Mrs. G. M. Bond. Also visiting during this time was another daughter, Mrs. Odell Hayes and Martha of Sinton.

Recent visitors in the home of Mr. and Mrs. Darwin Barnes were Mr. and Mrs. Dick Anderson and family from Chicago, Mr. and Mrs. Melvin Eakins of Wichita, Kansas, and Mr. and Mrs. Bill Estes of Oklahoma City, Oklahoma.

## LICENSE PLATES FOR FARM TRAILERS NOW AVAILABLE

AUSTIN—New license plates for farm trailers not used for hire are now available, according to Bob A. Lilly, Texas Farm Bureau legislative director.

Lilly said the Department of Public Safety has advised him that the \$5.00 license tags are now in county tax collectors' offices across the state. Owners of farm trailers of between 4,000 and 10,000 pounds gross weight must have these tags displayed on their trailers in accordance with a new law passed during the regular session of the 57th Legislature. The law also provides a 30-m.p.h. speed limit, but exempts trailers up to 10,000 pounds gross from brake requirements.

The DPS indicated that it will give trailer owners "reasonable" period of time to secure the tags before strict enforcement begins, Lilly said. The law became effective with the Governor's signing of House Bill 1082, the farm trailer bill, on May 29, but the new tags were not available until just recently.

Lilly said that the Texas

## MIDWEST REA TO HOLD ANNUAL MEETING IN ROBY AUGUST 3

Midwest Electric Cooperative of Roby and Snyder will hold its 1961 Annual Membership Meeting Thursday night, August 3, at 6 p.m.

# LL All-Stars Fall In Area III Final

The Hamlin Little League All-Star team fell to the Snyder Nationals Monday night in the finals of the Area III Baseball Tournament, 16-2. Due to costly errors by the Hamlin youths, Snyder capitalized and took command by scoring eight runs in the first inning. Although Snyder connected for only eight hits, the six miscues committed by Hamlin proved the difference.

Charles Joiner led the Hamlin team with their only extra base-hit, a double in the third inning. Starting and losing pitcher Doug Sharer, was relieved by Larry McCoy in the first inning, John Holland in the second, and Rodney Dominey in the fourth.

The Hamlin team advanced

to the finals by downing the Rotan Little League team Thursday night, 7 to 0. Charles Joiner, Larry McCoy, and

NEIL LAMINACK

Jerry Stuart collected 2 hits apiece to aid the winning cause. A two-run home run by Doug Sharer in the first inning gave Stuart all the advantage he needed as he pitched superb shut-out ball.

In the second inning, Stuart walked and Joiner blasted a double to drive him home. John Holland walked and Joiner stole home to make the score 4 to 0. The home club added three more tallies in the fourth to complete the scoring. Three errors, a walk and a fielder's choice accounted for the runs.

The Little League season has been completed and Hamlin is proud of the fine performance and sportsmanship displayed by the boys. The gratitude of the officials goes out to everyone who attended the games, gave needy contributions, or took part in any phase of the activities.

## Hamlin Semi-Pros Lose Opener in Lubbock Tourney

The Pampa Colts defeated the Hamlin Semi-Pros, 3-1, in Lubbock Monday night in the opening round of the National Baseball Congress tournament.

The Hamlin team will face the losers of a Tuesday game between the Lubbock Jets and Seagraves in the second round Wednesday night.

Morris Warshaw paced the Hamlin nine with two singles while Seitz hit two singles for Pampa.

Loser Tom Cook of Hamlin struck out 11 and winner Curtis fanned nine.

Pampa 000 201 0-3 6 1  
Hamlin 000 100 0-1 4 2

## BASKETBALL COACH, NEIL LAMINACK, TO SEMINOLE

C. F. Cook, superintendent of Hamlin Schools announced Wednesday that Neil Laminack, head basketball coach for the past four years at Hamlin, has submitted his resignation to accept a similar position at Seminole, Texas.

From 35 coaches throughout the state who were seeking the post at Seminole, Laminack was selected for an annual salary of \$6,800.

During his four-year reign as the head mentor for the Pied Piper basketball, he led the team to the district title on two occasions, and his last year in Hamlin the team advanced to the state quarterfinals before bowing to the Dimmitt Bobcats at Lubbock.

Aside from basketball, Laminack was the B team football coach and American History teacher. Laminack was also active in obtaining the charter for the local Jaycees his third year in Hamlin.

According to the Rev. Spencer Lyles, local pastor, the 10 day affair includes classes for children, youth and adults along with planned sports and recreation.

The guest speaker for the camp is the Rev. Don Pickrell, professor at L.I.F.E. Bible College in Los Angeles, California. Among the missionaries attending will be Velma Dickerson, who has served as missionary to Brazil, and in South Africa.

## CUB DAD AND LAD CAMP SET FOR AUGUST 5-6 AND 12-13

Cub Dad and Lad camp is being repeated at Camp Tonkawa this summer for all Cub Scouts and their fathers. On August 5-6, and August 12-13, any Cub Scout and his dad may have a wonderful week-end together at the Boy Scout Camp of the Chisholm Trail Council camping together under starry skies.

Any Cub Scout dad and his son may register for either or both periods by sending their registration to the Boy Scout Office, Box 5024, Abilene, Texas. A boy and his dad are then set to join with 99 other boys and their dads for a wonderful week-end together in the open woods of the Boy Scout Camp Tonkawa.

This 24 hour period for a dad and his son will include such things as a chance to fire on the rifle range, pull a bowstring and bust a bull on the archery range, go swimming, hike the woods and trails, visit the chipping grounds of the Tonkawa Indians, get in a boat or canoe

and take off across the lake, or attend an evening campfire under the stars.

The couple will check into Camp Tonkawa on Saturday afternoon at 2:00 p.m., receive their tent and be assigned an area to pitch the tent. Set up their cots or beds for the night and then take off for a swimming session to cool off. The entire camp is theirs to do with as they see until after breakfast the next day at which time they will check in their tent and return to their home community in time to go to Church together. Their meals will be prepared in the dining hall while they are in Camp Tonkawa, unless they catch fish in which case they will prepare their own fish.

This is really a chance for a dad to get away from everything and spend a week-end with his own son out where his son wants to go. So dad round up some bedding and the rest of your camping gear and make off for Camp Tonkawa for the week-end with your son.

Mr. McDaniel, manager for the local light company, informs the Herald reporter that they have installed a generator in the Hamlin Light Power & Ice Co. building and that this "Stand-By Unit" is to be used in all emergency cases. About one o'clock Saturday night City Marshall Johnson got a tip that a car was on the road 10 miles east of town. He got busy and landed a new Velie Roadster and two young men ages 17 and 19. Johnson held his "boys" in the rock house, feeling sure that not many days would bring a descriptive card from some one. He was right. It developed that the car was taken from a sales house in Houston by the young men who were broke and were trying to get back to their home in some northern state. Charles H. Strauss of the Strauss Dry Goods Store left last Saturday for New York City to be in the style center for three weeks. Mr. Strauss will purchase his stock of new fall and winter dry goods and latest ready-to-wear. At a pretty home wedding on last Wednesday evening, Miss Violet Warlick of this city and Mr. Leroy Dickey of Sylvester were united in marriage. No doubt but that the information that Miss Mamie Burnham and Mr. Orrin Brown were quietly married at the home of the bride will be received with great surprise. The wedding was not known to but a few till announcement was made this week.

Hamlin Area cotton farmers were evidencing extreme interest this week in the probability of new all time high prices for cotton this fall. With the county producing around 35,000 to 50,000 bales of cotton each year, any increase in the price of the staple would mean money in the pockets of Jones County people. Talk of 40 and 50 cent cotton is being heard throughout the South since OPA controls apparently are off market for good, and 35 cents a pound has just been passed for the first time in more than a score of years. Travis Hash is the newly appointed manager of the S. & W. Variety Store. Mr. and Mrs. L. C. Houghton are announcing the arrival of a son, who has been named Lloyd Alton. The youngster, who weighed eight and one half pounds, was born July 11 in the Hendrick Memorial Hospital at Abilene. Catherine Crowley became the bride of Corporal Erney Pehkonen. Billie Faye Rountree weds Thomas L. Ellis. Mary Louise Tidmore becomes the bride of Revis Robertson. Construction work was started this week on another addition to the Hamlin Public Schools system of buildings--this time a separate building for the vocational agricultural department.

TEXAS PRESS ASSOCIATION

AUSTIN—House members the brief 30-day session, burned midnight oil in an effort to get a tax bill to the Senate before the mid-point of the session. In the long, long sessions and seemingly endless succession of approaches, amendments, substitutes for the substitutes, it was often difficult to tell who was winning what. Showdown votes indicated that it is still easier for members to agree on what they don't want than on what they do.

Rejected, at least for the time being, was a package bill recommended by the Revenue and Taxation Committee. Its main money-raiser was a sales tax, with exemptions, or items costing \$3 or more. It also included more utility taxes, natural gas taxes, a transfer of funds from the permanent school fund, a revised franchise tax and a book-keeping transfer.

Also turned down were proposals for a 4 per cent corporate income tax by Rep. Bob Eckhardt of Houston and a 1 per cent general sales tax by Rep. Tom Andrews of Arkansas Pass.

Rep. Charles Ballman of Borger, chairman of revenue and taxation, was pushing for a package bill that closely tracked Gov. Price Daniel's recommendations at the beginning of the session. It differed from the committee-written package chiefly in that it included a Pennsylvania-type sales tax, applying only to items listed in the bill.

Despite the House problems, an August 8 finish may still be possible. Senate, generally, is swifter and more nearly of one mind on money matters. It agreed on a tax bill in the regular session in approximately one-third the time spent by the House.

Hardest part is getting agreement on one plan from both House and Senate—and finally—from the governor.

FUND BILL PROGRESSES—House has given second reading approval to a bill appropriating \$2,527,000,000 for the next two years. It is slightly higher than the bill passed earlier by the Senate, and eventually differences will have to be worked out by a conference committee.

Rainfall in the Hamlin area for the year is less than half the normal average for this time of year. Total precipitation for the year was 5.83 inches. This compared with a normal rainfall of about 13 1/2 inches for the same period. During June only .03 of an inch of rain was registered.

In deference to an expression at the polls by the citizens of the Hamlin territory parking meters will remain absent from Hamlin streets until the first of the year. Farmers of the United States have voted for the fourth consecutive year to allow Uncle Sam to restrict the production and sale of wheat. Frank Waggoner shows improvement following a heart attack. Hamlin Schools will open September 4. Rev. W. A. Corley of Jacksonville leads revival at Calvary Baptist Church. Master Sergeant Howard Crow of Westover Air Force Base in Massachusetts arrived Tuesday to visit with his parents, Mr. and Mrs. Earl Crow. Interest mounting as election time nears, governor's race holds spotlight in state voting. Living costs show rise during May to all-time peak. Seth Adams Jr., son of Mr. and Mrs. Seth Adams Sr., will coach the 71st Division football team for the Army. Martha Hubbard and Raymond Clayton are married.

## NEINDA PHILOSOPHER CLAIMS FUTURE OF THE FAMILY-SIZE FARM IS ABOUT AS SECURE AS WORLD IS

Editor's note: The Neinda family farm has been discussed thoroughly back and forth in recent years, especially by big city newspapers and magazines trying to get their minds off the uncertain future of cities, and they all conclude that there's no point in trying to artificially prop up the family-type farm if it can't stand alone, without of course interfering with the urban renewal plans designed to prop up cities that can't

stand alone.

It was therefore with a certain amount of puzzlement that I read an article by a columnist in a paper I found out here on this Johnson grass farm yesterday reporting that he had found out that the House Agricultural Committee in Washington had "voted that family farms should not be preserved."

The reason I'm puzzled is that I had no notion the future of this farm was in the hands of a committee in Washington. The power of the vote is tremendous, but I don't believe they've made the ballot yet that's strong enough to determine the future of this farm. As best I can tell, it's future is in my hands, and right now I ain't predicting which way it'll go. It'll take more than a vote by congress to eradicate the Johnson grass out here, not to mention several other improvements staring me in the face.

Actually, I don't know what the future of the family-size farm is, but I doubt if it's any gloomier than the future of the nation-size nation or the world-size world. There's room for worry, any direction you want to look, and always has been.

Everybody talks about the un-fair odds farmers are fighting, and it's true, and in many cases it's true that you don't make any money farming these days, still at the same time the picture isn't all black—some years you lose a lot less than you do others.

Yours faithfully,  
J. A.

Editor's note: The Neinda family farm has been discussed thoroughly back and forth in recent years, especially by big city newspapers and magazines trying to get their minds off the uncertain future of cities, and they all conclude that there's no point in trying to artificially prop up the family-type farm if it can't stand alone, without of course interfering with the urban renewal plans designed to prop up cities that can't

stand alone. It was therefore with a certain amount of puzzlement that I read an article by a columnist in a paper I found out here on this Johnson grass farm yesterday reporting that he had found out that the House Agricultural Committee in Washington had "voted that family farms should not be preserved."

The reason I'm puzzled is that I had no notion the future of this farm was in the hands of a committee in Washington. The power of the vote is tremendous, but I don't believe they've made the ballot yet that's strong enough to determine the future of this farm. As best I can tell, it's future is in my hands, and right now I ain't predicting which way it'll go. It'll take more than a vote by congress to eradicate the Johnson grass out here, not to mention several other improvements staring me in the face.

Actually, I don't know what the future of the family-size farm is, but I doubt if it's any gloomier than the future of the nation-size nation or the world-size world. There's room for worry, any direction you want to look, and always has been.

Everybody talks about the un-fair odds farmers are fighting, and it's true, and in many cases it's true that you don't make any money farming these days, still at the same time the picture isn't all black—some years you lose a lot less than you do others.

Yours faithfully,  
J. A.

### State Draft Call Set for 345 Men

AUSTIN—The state quota for Texas draft boards in August calls for 345 men, Colonel Morris S. Schwartz, state Selective Service director, announced Tuesday.

345 compares with a quota of 258 for July. The August call is the state's share of a national call of 8,000 men, all for the Army.

Colonel Schwartz also announced that local boards would send around 730 men for pre-induction physical and mental examinations.

The August quota will be filled with men who are at least 22 years old on August 1, with the exception of volunteers or delinquents, who may be younger.

## FAIRVIEW NEWS--

By MRS. ELMER JOINER

As usual for the last two months, the weather made the headlines again this week, with almost five inches of rain falling from Friday afternoon through Saturday. The fields are all full of water again, but the farmers did get in several days of plowing in between rains. Speculation is running high among the farmers over the possibility of making a cotton crop at all this year, as the cotton has been under water so much that the most of it is "water logged" and not growing very much. All we can do is wait and see what it does, farmers live on hopes more than anything else any way.

The Revival at the church closed Sunday night. It seems that every thing in the world happened to keep people from attending, as the most of the week the men were desperate and had to plow, then it almost rained it out, but despite every thing old Satan threw at us we had a good revival, it is always good to hear old time gospel preaching and singing.

The Rev. A. C. Hardin of Cisco is a very able preacher, and he made many friends in our community the week he spent with us. His wife was a visitor Sunday night, having come after her husband. She was accompanied by her sister and husband, Mr. and Mrs. Cyrus Freeman of Abilene.

Rev. and Mrs. Doyle Combs and Johnny went to Sweetwater Sunday night to pick up their little daughters, Brenda and Cathy, they will return to Fort Worth Monday morning.

Teresa Gabriel returned last week from Tucson, Arizona, where she had spent two weeks. She brought back some of the Arizona sunshine in the form of a good tan.

Mr. and Mrs. E. A. Henry had two of their sons and their families visiting over the week end. Mr. and Mrs. W. C. Henry and daughter were from Elgin and came to church Sunday morning. Mr. and Mrs. Clois Henry and children of Snyder were in the home also.

Mrs. Ralph Riddle's brother, Mr. and Mrs. Ed Sockwell and children of Mart visited in her home over the weekend. The children, Edgar and Edith, were visitors in Sunday School Sunday morning.

Rev. and Mrs. R. A. Guthrie were in services Saturday night. He is pastor at McNary, Arizona, having moved there from Hamlin, where he formerly pastored the Histon church. They were guests in the Edgar Duncan home, Mrs. Duncan came with them to church and after services invited the two preachers and Mrs. Combs to visit with the Guthries in her home. They are all old friends and enjoyed the visit together.

Mrs. George Waincott received word that her son, Thomas Stephens, was promoted to master sergeant, at Beale Air Force Base, California, where he is stationed. Sergeant Stephens is married and the father of three children.

Mrs. Elmer Joiner attended council of the Home Demonstration Clubs in Anson last Wednesday. The Fair for Jones County, to be held in Anson, August 25th and 26th, was discussed. The Fair Board is planning a much bigger and better Fair this year, of which every one will be hearing a lot more about later.

Mr. and Mrs. R. M. Jones

### Agent Reminds

### Farmers of 4 Cent Tax Refund

Farmers are reminded by Kirby Clayton, County Agent, of their eligibility for a refund of the 4 cent per gallon Federal gasoline tax on that used for farming purposes. The claim should include all eligible gasoline gallonage purchased between July 1, 1960 and June 30, 1961.

The claim for refund should be filed on Form 2240 and not later than September 30, Clayton says. Copies of Form 2240 are available in the agent's office.

The gasoline on which a refund may be claimed covers that used for farming purposes and includes most normal production operations. Three exceptions, however, are noted by the agent. They are gasoline used on the highway, even though for transporting farm products; that used for processing, packaging, freezing or canning operations and that used for non-farming or personal purposes.

Records of fuel purchases should be kept to verify the

refund request and care should be exercised to avoid inaccurately exercising to void inaccurate or excessive claims. Forms are advised to contact an Internal Revenue Service director and special motor fuels. Far-

Anson and Hawley  
Girls Win 4-H Dress  
Revue Held July 18

First place winners in the Jones County annual Dress Revue Tuesday evening, July 18, were Phyllis Roberts of Anson; Deean Blessing and Sharon Blessing, both of Hawley.

The Revue was held in the Fellowship Hall of the Anson First Baptist Church with Mrs. John Deatherage as commentator. Guests were welcomed and introduced by Mrs. Bill Blessing, adult leader from Hawley and piano music preceding the revue was played by Linda Bennett.

Miss Roberts, top winner in the 14 and over group will represent the county in the District III Dress Revue at Wichita Falls August 18. She will model in competition with the winners in 21 other counties of the district. The alternate in this competition will be Carolyn Bagley, also of the Anson Club. The winner at Wichita Falls will compete with those from other districts in the State for honors at the State Fair of Texas in Dallas in October.

Sharon Blessing, first place winner in the 12-13 group, will model in the Wichita Falls revue, but not in competition.

MR. AND MRS. W. B. WADE

W. B. WADES TO BE HONORED  
ON WEDDING ANNIVERSARY

Mr. and Mrs. W. B. Wade of Route 2, Hamlin, will be honored with an openhouse Sunday afternoon in the home of Mr. and Mrs. R. D. Wade, 646 Northeast Ave. A, to celebrate their 50th wedding anniversary. Friends are invited to call between 1:30 and 5:00 p.m. Sunday, July 30.

Mrs. Wade was born June 21, 1892, in Lingleville, Texas, 12 miles northwest of Stephenville in Erath County. The former Cordie Elliott, her parents were Mr. and Mrs. H. S. Elliott, longtime residents of Lingleville.

Wade was born November 16, 1889, in Lingleville. He attended school at School Hill in Erath County. The couple met at social affairs when they were youngsters. They were married July 30, 1911,

in School Hill. The preacher met them there and they were married in a buggy.

Following their marriage, the couple lived a year in Stephenville and she taught in a country school near there and he worked on a farm. They moved to Scurry County and both worked on a ranch a year before moving to Fisher County. They moved then to Caddo in Stephens County and lived there five years while Wade was employed in oil field work there and in Strawn in Palo Pinto County. In 1928 the Wades moved back to Fisher County and lived in Rotan until 1945 when they bought their present farm six miles northwest of here. The cropland was rented out last year but the other land was retained for the pasturing of Angus cattle.

Mr. and Mrs. Wade are both active members of the Hamlin Church of Christ. Hobbies for Mrs. Wade include her house work, crochet, reading and crossword puzzles. Their children are Weldon Wade of Pampa and R. D. Wade of Hamlin, a foster child, whom the Wades reared from the age of four. They have four grandchildren.

NEEDY SON IS ALSO GREEDY SON

Dear Amy:  
My husband has a son in Europe from a former marriage. He hasn't seen this boy since he was 8 weeks old. He is now 35, married and the father of 2 children, and for the last 10 years, my husband has been sending him sizable packages. He asks for nylons, dress material, babushkas and just about everything else. He even asks for things for his in-laws. The packages cost so much I wonder I could buy myself a good pair of shoes with the postage.

When my husband's parents died, my husband sent his share of the inheritance (which amounted to \$1200) to his son. Now to top it all, in the last letter he asked my husband for money to buy an automobile. (We don't even have one!) He wrote he wants to be a sport and he wants to show his friends that he has a car... that is if my husband will send him the money.

Do you think I'm wrong in refusing to send this money and also the packages. The things he asks for I don't even have myself because we can't afford it. My husband thinks we ought to send him some money towards the car anyway.

E.K.

Dear E.K.:  
Your husband's son is demanding, unappreciative and spoiled. But since your husband is responsible for spoiling him, don't expect things to change now. If he is really in need of these packages, continue to send them. As for financing his 'sporting ventures', do not.

Dear Amy:  
My girl friend and I would like to give a dance party for some of our friends. My mother doesn't think it is proper for twelve year-olds to hold such a gathering. Please give us your opinion.

[We would like you to print this because we know that others out there have this problem.

Two Wanting  
to Give a Party

Dear Wanting:  
Your mother is right. Twelve year-olds are too young to host a 'dance' party. A weinle roast is more your speed!

my husband's mother wants to come live with us. All I have are 3 bedrooms and they are all taken. I have two boys and a girl. Besides we live upstairs and the climbing would be too much for her since she must go to the doctor every day.

She has a daughter who just built a new 3 bedroom house and has no children; her oldest daughter is a widow with two grown-up girls. One son has a nice new home and the other son is still a bachelor. So why pick on us? We are only renting.

If she goes to a home, we will all have to pay for her support and we will have to cut expenses to meet these payments. Why can't she use her property to pay part of her bill? Hoping you can answer this in your column soon.

Anxious A.B.C.

Dear A.B.C.:  
Why does your mother-in-law have to pick on you? Obviously because her other 4 children concocted excuses why she can't live with them (just as you have). I think she should go to a home. Living with any of you would be anything but pleasant.

Her property might be sufficient to take care of the costs. If it isn't, the five of you are required (by law) to pay for her keep. By the way, what plans have YOU in mind for your old age?

Dear Amy:

I have a pretty big problem which I can't understand. I'm 17 years old and not bad looking, but I'm a little overweight—about ten pounds. I have a nice personality and can talk to boys without getting nervous. I'm friendly at school and I know how to dance. Above all, I'm not conceited. But I don't have any dates and this I can't understand. I have friends at school but I think most of the guys consider me a "friend."

Desperate

Dear Desperate:  
You have every attribute for popularity. But I have one suggestion. Drop those ten pounds. Perhaps then the boys will "figure" you differently.

# OLD GLORY NEWS--

By HELEN DIERS

The Little League Area IV playoffs began last Thursday night. The two Old Glory "All Star" players who played for Aspermont are Larry Flow and Marvin Vahlenkamp. The team played Lamesa, but was defeated 1-0, with Lamesa getting its run in the fifth inning.

Mr. and Mrs. Edgar Diers of Seward, Nebraska, visited his brother and mother, Mrs. Fritz Diers and Bill of Old

Glory. E. H. Diers is another brother also, but they were not at home at the time they were here. The Edgar Diers and his family are moving from Seward to Lubbock. They have three boys at home, one of which will enter college this fall, and another boy and girl, who are in the military services at this time.

The farms east of Old Glory had about four inches of rain over the week end.

A recent regular meeting of the Variety Club was held in the home of Mrs. A. R. Sawyers on July 11 at 2:30 p.m. Twelve members were present. Mrs. R. N. Cornelius had the last meeting in her home on July 25. A "White Elephant" exchange of gifts was held.

Melvin Vahlenkamp, son of Mr. and Mrs. W. H. Vahlenkamp, has reported to Camp Hood where he volunteered for service in the U.S. Army. He is a 1959 graduate of Old Glory and attended Texas Lutheran College in Seguin.

Martha and Ricky Letz, children of Mr. and Mrs. Buford Letz, formerly of Sagerton and who now live in Fort Worth have been visiting their grandparents, Mr. and Mrs. Alfred Letz. The Alfred Letzs are also the parents of Lisbon Letz, who has been in the Veterans Hospital at Big Spring. He was home on July 16, but returned for treatment. He is the Old Glory postmaster; acting postmistress is Mrs. Jack Jones.

T. E. Pritchard, principal of Old Glory High School, has returned to A.C.C. to enroll for the second semester of summer school. He will receive his degree in August.

Mr. and Mrs. Leon Lowack and children, Eddie and Binita, have visited his sister, Mrs. W. H. Vahlenkamp, his father, Frank Lowack, and

his brother, Ernest Lowack. The Leon Lowacks are from Fort Worth.

Mr. and Mrs. Richard Johnson and family visited his parents, Mr. and Mrs. Bunyan Johnson, over the week end. They were visitors in the Church of Christ Sunday.

## TREMENDOUS TRIFLES

THE CHILD'S "MARBLE" THAT LED TO THE GREAT DIAMOND DISCOVERY

A little child playing with several bright pebbles in a south African settlement in 1867 started the journey of the first diamond to the outside world. The result proved to be the greatest diamond fields in the world.

John O'Reilly, a trader and big game hunter was returning from the interior and stopped for the night at the home of a Boer named Van Nickirk. While the two men sat talking, one of Van Nickirk's children started playing on the floor with several pebbles picked up along the banks of the Vaal river. O'Reilly was drawn to one of the stones by its scintillating brilliance under the light.

When the hunter asked to buy the pebble, Van Nickirk gave it to him. O'Reilly, not knowing the nature of the stone, offered Van Nickirk half of the value if it proved of any monetary value in Grahamstown.

In a hotel bar in Colesberg, O'Reilly passed the pebble around to the people gathered there. He believed it to be a diamond, and tried to prove his point by cutting his initials on a windowpane. For his efforts he got a lot of laughs. One man, wrought up over the foolishness, grabbed the pebble and threw it into the street. Only after many frantic minutes did O'Reilly retrieve the stone, and he immediately sent it to Dr. W. G. Atherstone, a geologist in Grahamstown. It proved to be a 21 carat diamond worth \$2,500.

When Van Nickirk realized the value of the pebbles, he recalled to mind a much larger stone he had seen a native carrying around some months previous. Fortunately the owner was found, and Van Nickirk traded a barful of sheep, cattle, and horses for it.

At Hopetown, Van Nickirk disposed of the diamond of 47.7 carats for \$55,000 and it became known as the "Star of South Africa."

Today more than half the world's diamonds are mined in South Africa. But for a child playing with pebbles before a game hunter the wealth might still be hidden.

## Hints on Freezing Now Available

Freezing is a quick, easy way to preserve fresh vegetables and fruit. Mary Y. Newberry, Jones County Home Demonstration Agent says that freezing keeps the natural color, fresh flavor and food values of most vegetables and fruit better than other methods of food preservation.

For best results, select fresh, tender vegetables right

from the garden or market while they are at the right stage of maturity for eating.

Other factors that influence quality are preparation, packaging, freezer loading and length of storage.

Latest information on how to freeze, and how to cook frozen foods is given in extension bulletin, "Frozen Foods." Get a copy from the home demonstration agent's office in the courthouse basement.

"I wonder why  
our Electric service  
(bill) is higher  
this month?"

Beg pardon, lady, but aren't  
you enjoying the  
big reason why?

OVER there in the window. Isn't that air conditioner new this summer?

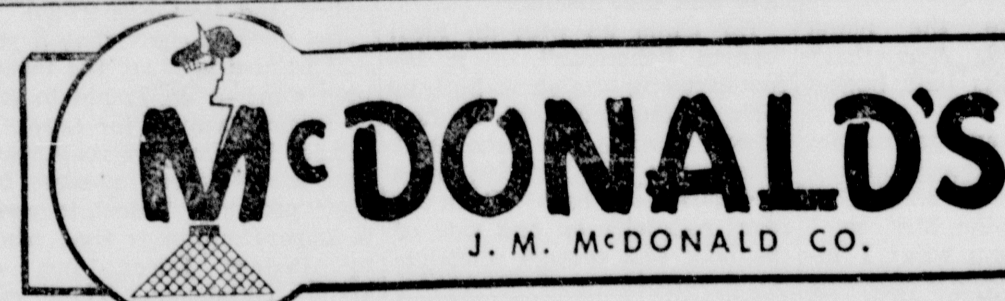

Naturally, every time you get some new electric servant you use more electricity. Naturally, your bill will be a little higher. But remember these two facts about the electric service you now enjoy:

First, you do use more electricity for the simple reason that it's about the most efficient and dependable servant you can get! Second, the more electricity you use, the less you pay for it per average kilowatt-hour.

Can you think of a bigger bargain?

## OUTDOORS IN TEXAS

By VERN SANFORD

Texas millionaire stories abound. But Paul Crume just told one in his Dal-News column that must have brought many a laugh from fishermen.

It related to a woman who brought her \$5,000 wrist watch into the jewelry department at Neiman's. The watch was dripping with water.

When he jeweler opened the case more water poured forth. "Lady what have you been doing with this watch?" asked the jeweler.

"I emersed it in water," she explained, "trying to keep it from rusting."

The jeweler thought that was not a bad idea, if she had accidentally submerged it into water.

"That's exactly what happened," she said. "It slid off my wrist into the bait bucket."

Didn't someone say "Pity the poor fisherman?"

Anyway nearly everybody who has used live bait has, at one time or another, rammed his arm so deep into a water-filled bait bucket, that he has

tended doing with the small one, but I had in mind using it as a humidor for my pipe tobacco. It sure would have served that purpose well.

**An Eye For Fishermen**  
Stopped in to visit with Walter Helweg and Don Thrash, the other day, at the Invader Boat Co. in Giddings.

Don was busy mounting a motor in the firm's first in-board job — and wondering if a big change wasn't in store for the Invader factory.

Walter was in another building nearby, inspecting the company's most popular product of the moment — a 16-foot, all-white, fiberglass boat designed especially for sports fishermen.

Until but a few months ago Invader was producing nothing but runabouts and small cabin cruisers. Then Don got the happy idea of making himself a boat primarily for big lake and gulf fishing.

He came up with an ideal "sports fisherman" — a 16-footer using the same hull as their 16-foot runabout. In fact it was exactly the same boat except for the addition of a generous sized bait well at the rear, rods racks on one side of the boat and storage compart-

ments for small gear on the opposite side.

It has a windshield just like the runabout. Instead of back-to-back seats it has side-by-side seats with compartments built into the backs. Also there's a steering wheel and remotes. A small spill-over splash-pan replaces the huge one that's on their cruiser.

With the 20-inch transom and wide-beam, the "Sports Fisherman" is ideally suited to big lake fishing.

One trip over the coastal area, trailing the boat in and around Houston, proved to be popular. Further proof came when orders began to arrive. Result . . . today they have back orders that will take weeks and weeks to fill.

Only change that's been demanded is to make them available in two sizes. So they now produce a 17-footer also . . . called the Bay Fisherman.

Just goes to show that if you will build a product the fishermen want — it's bound to sell.

**Snappy Names for Lures**  
These lure makers really concoct some clever names for their products. Latest to come to our attention is that made by Instant Lures, Inc. of Maud, Oklahoma. They call theirs "Instant Bass." You "just add water!"

Mac McLaughlin of Marble Falls has designed a fish-taker which he very appropriately named "The Hustler."

**A Do-Dad That Works**  
Know how the spring-wound clothes line works. When you jerk on the line it recoils into the spool.

Well there's an automatic fish lander that operates on the same principal. It's called the "Do-dad." You can use it for cane pole fishing or hang it from a tree limb, a dock or a pier, or from a boat.

Bait up with worms, minnows, shrimp, etc. Then when the fish strikes, the line recoils onto the spool, sets the hook — and brings him in automatically. Line gives a bit with each pull of the fish, but promptly returns the catch to landing position.

Some fishermen put "do-dad" to work in several locations, then run them like trotlines.

Manufacturer is the Arkansas Die & Stamping Co. of North Little Rock, Ark.

## HERALD TO PRINT PICTURES OF PHOTO CONTESTANTS

The time is almost here for photograph in this section is the opening of this newspaper's Big Child Photograph Contest and we're urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving will be in Hamlin on Saturday, August 5th, at the White Plaza Hotel from 9:30 a.m. to 4:30 p.m. for the purpose of taking pictures in this vicinity. In addition to having their pictures printed in this newspaper, the children will be competing for \$20.00 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for their publication in The Hamlin Herald. Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's

Accidents in farm homes over the nation killed 2,700 persons in 1959, says the Texas Farm & Ranch Safety Council.

# TUXEDO NEWS

We got more rain out our way and I suppose most every one else did. But it has cleared up once more for which we are thankful.

Mr. and Mrs. Mickey Spencer and three sons of Hamlin have recently moved to our community. We heartily welcome them here.

Walter Lee Holcomb of Stamford, the Spencer boys cousin, spent from Wednesday until Sunday with them.

Mr. and Mrs. Walter Osmont visited their daughter, Mrs. Jess Treadwell Jr., Mr. Treadwell and children at Denver City a part of this week.

Mr. and Mrs. Joe Carlton and Kate visited Mr. and Mrs. Bill Glenn and children at Albany Saturday night.

Mrs. Rebecca Harwell and Mrs. Bonnie Meads of Avoca returned home Monday after attending the wedding of Diana Meads and John Granberry in San Antonio. Diana is a grand daughter of Mrs. Harwell, a niece of Mrs. Meads and a cousin of Mrs. Bill Maddox of Hamlin.

Ronnie Stephens, son of Mr. and Mrs. Craig Stephens, left Wednesday for Dallas along with two other boys, where they received their Lone Star Farmer awards Thursday night at the Statler hotel. Only the American Farmer degree ranks higher than this one.

Mr. and Mrs. D. P. Adkins and son of Midkiff and Mrs. Don Grey and son of Midland were week end guests of Mr. and Mrs. R. V. McKee.

Mr. and Mrs. James Bostie of Hutchinson, Kansas, visited his mother, Mrs. Elcie Bostie recently.

Mrs. Myrtle White of Stamford was a lunch guest of Mrs. Ruth Apperson Friday and in the afternoon she visited Mrs. Elcie Bostie, Mrs. Sadie England and Mrs. Edwin Tacker.

Mrs. Roy Williams' brother-in-law, Jimmy Seay of Stamford passed away at the Stamford Hospital Sunday night following a heart attack Saturday night.

The Jack Buske family spent Sunday with his parents, Mr. and Mrs. W. M. Buske of Spur.

Mr. and Mrs. Sam Wright and girls of Plainview spent Friday and Saturday nights at the Tom Gilbreath home.

Glenn Gilbreath and Ralph Hanson of Stamford were week end guests of friends in Odessa.

Little Randy Brigham, son of Mr. and Mrs. Oran Brigham is seriously ill in Hendrick Memorial Hospital. Cause of the illness is undecided and two specialists have been called in.

Mrs. Robert James of Abilene is visiting her parents and brother, Mr. and Mrs. Andy French and Andy Jr., a few days this week while Mr. James is at Fort Hood at the National Guard Camp.

Mr. and Mrs. Craig Stephens and family went to De Leon Monday to visit relatives.

Mrs. Earnest Bray of near Hamlin is doing quite well after major surgery last week at Stamford Hospital.

The revival meeting at the Baptist Church here will begin Friday night and will continue for ten days. Everyone is cordially invited to attend, both here and other communities.

The painting in the basement was finished Tuesday and the men are now working on the air conditioner and other jobs that need doing.

Paige Baize and family visited in this community Sunday.

"Annoying . . ."  
"Forced on me . . ."  
These are some of the terms used by the public to describe circular advertising according to a study by Market Research Service. The agency, which did a survey to compare circulars to newspapers as an advertising medium, reported that more than half of the recipients immediately discard circulars after a quick glance.

In contrast, the research agency found that newspaper advertising was accepted as believable and useful.

The advertiser, however, is more interested in the effective audience per dollar spent on advertising than he is in emotional response. Is the "annoying" advertising in circulars less expensive than newspaper advertising?

Projections of the study by the research service shows that newspaper advertising is not only more acceptable but also much less expensive. On an "effective audience" basis, according to the study, circular advertising is likely to be 500 per cent more expensive than comparable newspaper advertising.

The study indicated a similar ratio of costs in terms of circulation and space. Thus, by any standard of measurement, acceptable quality newspaper advertising may be used for a fraction of the cost of printing and distributing what is often referred to as "junk" mail.

Yet a few retailers still think they are saving money when they attempt to distribute circulars, as a primary form of advertising.

This leads to the conclusion that perhaps the first principle of good advertising is based on simple arithmetic—computing results in terms of dollars spent.

**AMMENDMENT**  
An ammendment to an ordinance regulating building construction and alterations: providing for permits and fees; and providing a penalty for violations.

AN AMMENDMENT to paragraph two, Section 1 of ORDINANCE dated Dec. 21, 1954, as recorded on page 208, Vol. 4, Minutes of the City of Hamlin, Texas.

Paragraph two, Section 1 of said Ordinance as ammended shall read:

On securing this information it shall be the duty of the building inspector or other authorized agent to issue a building permit to the owner or contractor upon payment of \$1.00 for all construction cost range from \$100.00 to \$60,000.00 and the permit fee for all construction cost for \$60,000.00 or over shall be 2% of the entire cost of construction, excluding buildings owned and used exclusively for Church or School purposes, in which case the fee shall be \$1.00 for all such building or construction. When this permit is issued it gives the builder the right to erect said building and the right to place the materials required for said building upon the streets and alleys adjacent to the lot where said construction is to be erected, provided that in no event shall such materials be placed in any street or alley so that it will interfere with the traffic over or through said street or alley or endanger the public in passing such building. All other applicable Ordinances must be complied with. Permits are required on all buildings erected within the corporate limits of the City of Hamlin, Texas, with the exception of buildings where the total cost does not exceed \$100.00. Structures hereafter erected without permits or not in conformity with this ordinance shall be removed.

All remaining sections and paragraphs of said Ordinance shall remain in full force and declaring an emergency, this ammendment shall be in full force and effect immediately upon its passage this the 18th day of July, 1961.

John V. Howard Jr., Mayor  
Attest Mrs. H. M. Barrow, Secretary.
